Who had a sixth sense?

Who increased or killed a laugh?

Who was the assassin of "Rigor Boredom"?

Who has been likened to a film architect or engineer?

Who assembled the picture with beauty, grace and precision?

Who was well acquainted with "face - on - the - cutting - room - floor"?

Who selected, shortened, lengthened and blended the whole into entertainment?

Confidence in the future!

A FORECAST published in FILM BULLETIN:

"Unmindful of the hesitance of other studios, nothing will stand in the way of M-G-M's heavy production schedule, the greatest in its history—approximately 70 films to be made over a 21-month period. One reason for the confidence is the success of their giant program of 1949-50."

EDITORIAL in THE EXHIBITOR:

"That M-G-M Consistency!"

"M-G-M has an especially attractive record for consistency in promotion. Month after month 'Lion's Roar' and 'Picture of the Month' columns in top magazines with multi-million circulation. Preferred positions in all fan magazines monthly. In radio 371 broadcasts weekly with fixed positions over 92 stations in 74 key cities. Teaser ads in key cities. Consistent campaigns in general magazines. This national saturation is potent reason for consistency of M-G-M at the box-office."

M-G-M is making the Big Ones and promoting them to the skies!
